

The Avimor Conservation Advisory Committee and Avimor Stewardship Organization have recommended changes to the Avimor Fire and Vegetation Management Plan. The Eagle Fire Department reviewed the proposed language and made comments and recommendations in their September 1, 2015 Agency Response. Those changes have been added verbatim below. See changes in bold and underline font.

Proposed Changes:

1. Add the following language to page 6 of 17:

While unit specific requirements are identified in this report, all Avimor residents will comply with the following requirements: Outdoor fireplaces/pits that use wood, pellets, or other similar fuel types that produce embers are not permitted for use on any units within the Avimor development. Only gas, propane, or similar are allowed. Special events sponsored or organized by Avimor are exempt from this requirement. **However Avimor shall notify the Eagle Fire Department regarding special events to insure adequate fire safety measures are in place.** Indoor fireplaces must be gas or have **spark/ember screens that meet the requirements of the International Wildland-Urban Interface Code. Installation shall be** ~~industry standard~~ spark/ember screens installed by a licensed professional and approved by the **Building Department and the** Avimor Design Board.

The use of fireworks (as defined below) will comply with all County Ordinances **and the International Wildland Urban Interface Code**. In the event the area is not covered by County ordinance, fireworks are prohibited during fire season (as defined below). Exemptions to these prohibitions must be obtained from the **Eagle Fire Department and the** County if County Ordinance is in effect or from the **Eagle Fire Department and the** Avimor Stewardship Organization if the County Ordinance is not in effect.

FIREWORKS: any combustible or explosive composition, or any substance or combination of substances, or article prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration or detonation. Fireworks include items classified as common special fireworks by the United States Bureau of Explosives or contained in the regulations of the United States Department of Transportation and designated as UN 0335 1.3 or UN 03336 1.4G. The term "fireworks" shall not include any automotive safety flares, toy guns, toy cannons, party poppers, or pop-its or other devices which contain twenty-five hundredths (.25) of a grain or less of explosive substance (see Idaho Code §39-2602(3)).

CURRENT FIRE SEASON: The period of time between April 1 and October 31 annually.

2. Add the following to the sixth paragraph on page 5 of 17:

Phases 2, 3, and 4 lot numbers: 149-152; 154-170; 175-191; 195-215; 217; 219-263
